| Connection | Quarterly | Monthly |
| Per inch-foot of main | \$0.03576 | \$0.01192 |
| Per hydrant | 60.00 | 20.00 |

Economic Development Rate

The economic development rate is designed as an incentive to encourage new commercial or industrial customers in the Authority's service area. The economic development rate will be assessed at 80% of the applicable water rates for the first five (5) years of occupancy. If the occupancy period is less than five (5) years, the full rate will be prorated back to the first day of occupancy. After the initial five (5) year period, the full applicable water rates will be assessed.

The requirements to qualify for this economic development rate are as follows:

- New customers relocating to the Authority's service area from out-of-state or from another in-state service area.
- Consume at least 416,667 gallons per month or 5,000,000 gallons per year.

Miscellaneous Rates

| | |
|--|----------|
| Reconnection Charge Prior to 3:30 p.m. (after termination of service) | \$130.00 |
| After Hours Reconnection Charge between 3:30 p.m. and 5:00 p.m. (after termination of service) | 165.00 |
| Collection Activity Charge (for service call due to delinquency) | 23.00 |
| Waste Inspection Charge | 70.00 |
| Meter Resetting Charge | 107.00 |
| Meter Removal Charge | 107.00 |
| Lien Processing Charge | 19.00 |
| Service Call Charge (effective August 2, 2011) | |
| During working hours | 100.00 |
| After hours call-in | 210.00 |
| Private Use of Public Hydrant (water usage above the allowance will be charged at seasonal rates) | |
| Meter Service Charge | 245.00 |
| Minimum Charge (12,000 gallon allowance) | 92.00 |
| Seasonal Minimum Charge (60,000 gallon allowance) | 357.00 |
| Tank Truck Water (per 6,000 gallons) | 58.00 |
| Deficient Check | 25.00 |
| Wholesale (per cubic foot) | 2.033 |
| Derby Wholesale | 3.013 |
| Operate Curb Valve | 140.00 |
| Excavation for Termination | |
| (1) at curb valve | 437.00 |
| (2) in street at tap | (A) |
| Backflow Device Testing Charges | |
| Scheduled Testing | 58.00 |

| | |
|-----------------------------|--------|
| Unscheduled Testing | 115.00 |
| Confined Space, Pit/Vault | 115.00 |
| Pit/Vault Requiring Pumping | (A) |
| Meter Replacement Charges | |
| 5/8" & 3/4" | 210.00 |
| 1" | 262.00 |
| 1-1/2" | 386.00 |
| 2" | 464.00 |
| Over 2" | (A) |

(A) The charge will be the Authority's cost of material, labor and equipment used, plus overhead at prevailing rates. In circumstances where this procedure for charging a customer would significantly delay the final billing, the authority will use an appropriate estimate of its cost.

Service Connection Charges

Prior to the approval of an application, a Service Connection Charge shall be paid by each applicant for each new service connection and meter installation as follows:

Corporation Stop or Branch Connection

| Size | Charges |
|---------|---------------------|
| 1" | \$260.00 |
| 1-1/2" | 265.00 |
| 2" | 465.00 ¹ |
| Over 2" | (A) |

Meter Installation

| | |
|------------|----------|
| 5/8"& 3/4" | \$150.00 |
| 1" | 150.00 |
| 1-1/2" | 325.00 |
| 2" | 325.00 |
| Over 2" | (A) |

¹ Plus cost of saddle based on the main size.

(A) The charge will be the cost of material, labor and equipment used, plus the cost of overhead at prevailing rates. In circumstances where this procedure could cause a significant delay in the final billing, the Authority will use an appropriate estimate of actual cost.

Note: See rules of Authority, Re: Necessary inspection by Authority personnel of installation prior to backfilling and paving. The purpose of these charges is to defray the cost of installing the corporation stop or branch connection for a service connection, installing the meter (does not include the cost of the meter) and inspecting the service connection installation.

Local Facilities Charge

A Local Facilities Charge for each separate connection to a water main shall be paid by each applicant who desires to secure water service therefrom, which charge shall be paid prior to the approval of the application for a service connection.

| Meter Size | Facilities Charges |
|-------------|--------------------|
| 5/8" & 3/4" | \$550.00 |
| 1" | 830.00 |

| | |
|--------|-----------|
| 1-1/2" | 970.00 |
| 2" | 1,525.00 |
| 3" | 6,105.00 |
| 4" | 7,625.00 |
| 6" | 11,510.00 |
| 8" | 15,935.00 |

The purpose of these charges is to collect a fair contribution from the applicant toward the cost of the utility system heretofore paid by existing customers.

Charges for Pipe Installation*

Charges for pipe installation under Extension of Main Rules and Regulations will be the actual cost of the material, labor and equipment used, plus overhead at prevailing rates. In those circumstances where this procedure could cause a significant delay in the final billing, the Authority will use an appropriate substitute for actual cost. If pavement, excavation and repairs are required for the extension, these additional charges will be added to the final invoice. The cost of pipe will normally be based on 8-inch main, but if for any reason it is necessary to install pipe larger or smaller than 8-inch to satisfy the requirements of the applicant, cost shall be based on the pipe size actually required.

**Subject to proportionate sharing*

Miscellaneous Charges

Charges for all services or material sales are based on the actual, direct cost of the material, labor and equipment used, plus overhead at prevailing rates. In those circumstances where the procedure could cause a significant delay in the final billing, the Authority will use an appropriate substitute for actual cost. These charges are assessed on the water bill account whenever possible, otherwise a separate invoice is rendered.

How to Compute Your Bill

Using the quarterly* meter rates and the assumed readings used below, the total bill would be computed as follows:

| | |
|---|----------------------|
| Present Reading | 418 (100 Cubic Feet) |
| Reading Last Quarter | 39,300 Cubic Feet |
| Water Used Present Quarter | 2,500 Cubic Feet |
| Customer Bill Calculation: | |
| Service Charge (1) | \$34.18 |
| Rate for the first 1,000,000 cubic feet (2,500 cubic feet x \$3.179 per 100 cubic feet) | +92.75 |
| Total Bill | \$126.93 |

*Quarters may contain more or less than 91 days.

(1) Service charge based on 5/8" meter.
