All right, it's 8:00 and I will slowly go through the first couple items on the agenda while we await Rochelle and Kevin. So, with that, this is a special meeting of the Regional Water Authority for February 4th, 2026 at 8:00 AM.

Attendance is Todd, Catherine, Suzanne, Mario, and myself. We're just waiting on Kevin, and we have certainly our senior executive team and we have our many of our attorneys who are helping us with this. First item on the agenda is a safety moment. It is important driving in the sun. In the summer and especially all the snow we have on the ground and the reflections that we're getting. So read that if you would and then the next item on the agenda is to get an AWA update and there is an expectation that this would be an executive session and it is listed there. The reason for that, what's your pleasure?

MR

Mario Ricoszi

I'll make the motion to go to executive session in accordance with the Connecticut General Statutes cited in the agenda.
