# SAFETY MOMENT

## ENVIRONMENT AND HEALTH

Your everyday environment can have a huge impact on your physical and mental health and make you feel constantly stressed and difficult to maintain a healthy lifestyle. Below are strategies for improving your environmental wellness:

1. Replace chemical cleaning products with natural alternatives such as baking soda, vinegar, lemon juice and essential oils.
2. Reduce allergens and improve air quality in your home by washing bedding regularly and opening windows when vacuuming.
3. Declutter one area at a time to avoid feeling overwhelmed.
4. Get more nature in your life by adding houseplants, going for walks, or using natural materials to decorate.
5. Limit screen time by taking breaks during the day.
6. Use eco-friendly and recycled materials such as produce bags and reduce single use plastics such as straws.
7. Create a stress free zone in your home where you can relax and de-stress in peace.

Tap Into  
Safety

Regional Water Authority

Service – Teamwork – Accountability – Respect – Safety

Safety is a core company value at the RWA. It is our goal to reduce workplace injuries to zero.
