

What Will Absorb Water?

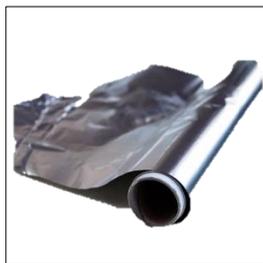

1. Predict which materials will absorb water. Circle those objects in **blue**.
2. Predict which materials will not absorb water. Circle those objects in **red**.
3. Drip water onto the real materials on the table.
4. Cut and paste the pictures at the bottom of the page onto the chart below to show the results of your experiment.

These materials absorb water

These materials do not absorb water

Paper

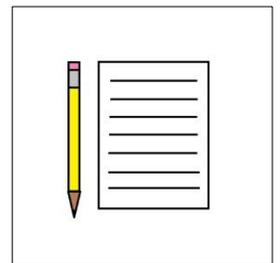

Tin Foil

Sponge
