Communications

Chair Ricoszi stated that the RWA Code of Ethics requires members to file a Conflict of Interest/Profit/Gift/Food Disclosure Report for the period ended November 30, 2020. He asked that members submit forms to Mrs. Slubowski by December 4th.

He also noted that members received an updated board roster. Please contact the board office for any changes.

Chair Ricoszi also reported that the Finance Committee will be discussing the 3 R’s (risk, resiliency and redundancy) with management at its December meeting and the Consumer Affairs Committee will receive the same presentation at its December or January meeting. RPB members are invited to attend either meeting.

Mr. Betkoski, Chair of the Land Use Committee, reported on the committee meeting in September to review the Authority’s application for a Non-substantial Amendment to the Land Use Plan for the Modification of the current procedure for Future Renewable Economic Resource Projects. He moved for approval of the following resolution:

WHEREAS, the South Central Connecticut Regional Water Authority (“RWA”), on September 21, 2020, filed an Application to the Representative Policy Board (“RPB”) for the approval of a Non-substantial Amendment to the Land Use Plan to modify the current procedure for Future Renewable Economic Energy Resource Projects (“Application” or “Amendment”); and

WHEREAS, the Land Use Committee of the RPB reviewed the Application and recommends that it be accepted as complete and considered non-substantial without a public hearing required; and

WHEREAS, the RPB concludes that the Amendment is non-substantial and the proposed action is consistent with and advances the policies and goals of the RWA. The modification will streamline the procedure to avoid redundant steps and increase the clarity of the process. Modifying the procedure will not have an adverse impact on the water supply. The creation of a de minimis category will have a positive financial impact.

NOW, THEREFORE BE IT RESOLVED, that the RPB hereby accepts the Application as complete and approves, without a public hearing, the RWA’s Application for the approval of a Non-substantial Amendment to the Land Use Plan to modify the current procedure for Future Renewable Economic Energy Resource Projects, filed September 21, 2020, in accordance with Section 18 of Connecticut Special Act 77-98, as amended.
